Editor's Note

Spring is finally here! The leaves of the trees are green, the daffodils and forsythia are blooming, and the air is filled with the sweet smell of blossoms, freshly mown grass and (if you suffer from allergies), allergens. Does the warm weather make you want to head outside? We hope so, because this is our Health and Fitness issue and many of the stories are about the pleasures of being outdoors.

We have a story about the town's high-spirited women's softball league and profile three gifted student athletes who are taking their skills to college. We've also got a primer on how to get your own (middle aged) game on with the help of a group of fitness experts. We have a gorgeous story about the history and pastoral pleasures of **GREENWOOD GARDENS**, a suburban sanctuary right off Old Short Hills Road. We also feature some "inside" stories. Check out our profile of **LILY BRAHMS**, model, actress and Millburn High School student, and our feature on the newly restored Hartshorn house owned by Debra Nevas and Jonathan Abrams. If you're hungry, read the piece on **SUMMIT HOUSE**, the new, chic restaurant in Summit, which sits atop a century-old indoor pool, and was once the home of the Summit YMCA. And don't forget, Mother's Day is coming May 14. Check out our Style pages for chic and thoughtful gift ideas for the maternal women in your life.

On a personal note, let me say goodbye, at least for now. I'm leaving the magazine to work on a book proposal and will continue teaching writing workshops. You can follow me on Facebook and Instagram @laurazinnfromm, or go to my website, laurazinnfromm.com. It's been a great pleasure editing the magazine this past year and I look forward to seeing you in and around town! If you have news to share for future issues, please email them to Millburn@northjersey.com. ■

All best,

Laura Zinn Fromm
